

**Associate of Science (AGEC-S)
General Education Core Requirements**

The AGECS, a minimum block of 36 credit hours of lower-division general education course work, may be completed at any Arizona community college. The approved courses will fulfill lower-division, general education requirements at any state of Arizona university or community college. Students will be required to fulfill the course prerequisites, major requirements, and upper-division requirements specified by each university. This block of courses represents only the general education portion of a degree. See specific programs of study for total credit-hour requirements.
