History, AA (HISD)

The Associate of Arts in History prepares students for transfer to a university Bachelor of Science or Bachelor of Arts degree in History or related field. Students wishing to transfer to four-year institutions will have the academic foundation applicable to various career fields. This emphasis area allows a flexibility of courses allowing students to tailor coursework to meet the specific requirements of the institution to which they intend to transfer. Courses should be selected with the assistance of a student services specialist. For more information regarding the AA in History, see the Liberal Arts webpage.

For a course to be eligible for transfer, the student must receive a “C” or better. Acceptance of a transfer course is determined by the receiving institution. The Social and Behavioral Sciences and History Department at MCC requires that all courses taken to fulfill the required 15 hours in the major for the AA in History degree and all courses taken to fulfill AGECA requirements must be passed with a “C” or better in order to graduate with the degree.

It is the responsibility of each student to meet with his/her assigned academic advisor on a regular basis for course scheduling so that the requirements for the chosen degree plan are being met as well as specific coursework needed for transfer to a four year program, if desired, can be incorporated.

General Education Credits: 35-39

See the General Education Core Requirements section (AGECA) of this catalog for details.

History Requirements: 15

Students should be aware of the specific history courses that fulfill the 15 credit hour history major and select other options when selecting courses to fulfill AGECA requirements. It is important to work with a student services specialist throughout the pursuit of the degree. Excluding courses already taken for the AGECA, choose five courses from the following:

Course Name	Credits:	Term Taken	Grade	Gen Ed
HIS 131 - History of the United States I	Credits: (3)
